Royal Roads
UNIVERSITY

Hay'sxw'qa si'em nakwilia!

Thank you my honourable people.

Royal Roads University is located on the traditional Lands of the Lekwungen-speaking Peoples, the Songhees and Esquimalt Nations.

With gratitude, we live, work and learn here where the past, present and future of Indigenous and non-Indigenous students, faculty and staff come together.

A TRANS FORMA TIVE PLACE

Located in one of Canada's most beautiful National Historic Sites – Vancouver Island's Hatley Park – Royal Roads is a public university and home to an extraordinary place of higher learning, both online and on campus. At Royal Roads, our interdisciplinary and transdisciplinary approach isn't just about deep knowledge of subject matter but about learning an even deeper knowledge of self.

We offer graduate and undergraduate degrees, diplomas and certificate programs, thoughtfully designed to balance intellectual and personal growth that extends well beyond the classroom. RRU prepares graduates to be effective and dynamic professionals ready to meet the challenges of a changing world.

OUR CAMPUS

An Inspiring Place

The Royal Roads campus stretches over 560 acres of lush parkland. With only a tiny percentage of the land occupied by University campus buildings, you will find walking, hiking and biking trails, magnificent examples of the Pacific Northwest's flora and fauna, gorgeous views across the ocean to the majestic Olympic mountain range, stunning gardens and one of Vancouver Island's most recognized castles.

HATLEY PARK GARDENS AND CASTLE

Built by James Dunsmuir and situated on the shores of Esquimalt Lagoon, Hatley Park Castle and Gardens have existed for nearly a century.

A walk through the gardens will leave you feeling refreshed and inspired and students are encouraged to spend time studying under an old-growth tree, exploring the Japanese

Gardens and relaxing in the pavillion on the lake. The Edwardian-style gardens are among the finest surviving in Canada and count as one of Victoria's most beautiful.

Hatley Castle sits as the centerpiece of our campus. Rich in history and a popular destination for local and international film crews, dozens of movies and TV series have been filmed here—and you'll see why when you experience this enchanting place for yourself.

LIFE ON CAMPUS

Explore our historic buildings, enjoy a meal in the Habitat Café, work out in our large Recreation Centre or take part in one of our many student-led events that celebrate all cultures.

STUDENT LIFE

We host a variety of activities and events for welcoming new students to campus and into the online community. It's a great chance to meet fellow RRU students and explore the beautiful city of Victoria. Whether you are studying from a distance, in a residency or in an on-campus program, there are many opportunities to be social in the university community. Joining a club or an activity will help connect you to other students, faculty and staff outside of your immediate program.

CAMPUS BUILDINGS

After you've explored the natural wonder of our campus, you might want to look for some of our academic buildings. Our buildings have state-of-the-art labs, spacious classrooms, break-out rooms, plus PC and Mac computer labs.

RECREATION

We promote a healthy balance of study and exercise. The Recreation Centre provides you with a variety of on-campus and online classes to help you decompress after class and stay healthy while you pursue your studies. Registered students receive a free membership.

Accommodations

If you'd like to stay on campus during your residency, we have dorm and ensuite rooms available for students and visitors. Spend less time commuting and more time connecting with the people in your program. For long-term stays, our Student Services team can support your search for off-campus housing.

Safety & Security

Victoria is one of the safest cities in Canada. To ensure we maintain our safe campus, RRU's Campus Security is available 24 hours a day, 365 days a year.

Campus Store

Centrally located in the Sequoia Building, the Campus Store offers a variety of Royal Roads University apparel and keepsakes, as well as study supplies, such as pens, notebooks and snacks.

Food & Drink

Fuel up with healthy food, coffee and other drinks at the Habitat Café. Campus food services are conveniently located for students, faculty, staff and visitors. The broad menu options include grab-and-go selections plus a made-to-order hot menu.

Our Location

A beautiful place to live and learn.

VICTORIA

British Columbia, Canada 

Royal Roads is located in Victoria, a vibrant city on the southern tip of Vancouver Island and the capital of British Columbia. The region is full of attractions, such as year-round festivals, a thriving culinary scene, and endless recreational opportunities. Noted for its natural beauty and mild coastal climate, the area offers year-round outdoor activities, such as hiking, biking, golfing, kayaking, paddle boarding and surfing, with winter skiing available only a few hours away.

Vancouver Island is the largest island off the west coast of North America and is roughly the size of Taiwan or the Netherlands.

What sets us apart.

At Royal Roads, it's not one thing, like our flexible admissions, unparalleled educational environment, or cohort learning model that makes us different. It's the powerful combination of how we do things differently that defines the RRU experience and sets us apart.

FLEXIBLE ADMISSION

Don't underestimate your qualifications! When we consider your application, we look at more than your formal education. We see the value in your hard-earned experience and professional achievements. Our programs are designed to set you up for success so you get what you need from your program while enjoying your academic adventure.

THE RRU LEARNING EXPERIENCE

Royal Roads University is uniquely positioned to deliver transformative, career-enhancing learning. We understand what's happening in the world, and we provide a meaningful, practical and personal approach to your education to help you get the most out of your time with us. Our learning and teaching model helps you gain effective skills that can be applied immediately in your current career, through programs created with input from industry professionals. Plus, you can customize your learning experience by focusing projects on your areas of interest or expertise.

As a pioneer in distance-based learning, we're experts in delivering quality online education and we're here to support you to reach your goals. Our programs are designed so that you can balance your personal and education needs.

Team-Based Learning

We use team-based learning to provide you with insights into leadership and organizational dynamics. This offers a challenging and supportive learning community that fosters personal and professional achievement both online and in-person. Our cohort-based structure gives everyone the opportunity to learn with—and from—each other. Just like the real world, each cohort is filled with unique personalities and perspectives. Students learn from scholar-practitioners, study with seasoned professionals and put research to practical application.

HOW WE DELIVER

At Royal Roads University, we have online, on-campus and blended programs – effective combinations of primarily online instruction supported by short on-campus residencies. Our programs are developed in collaboration with industry experts, guided by cross-sectoral advisory councils and taught by leading practitioners. This ensures the knowledge and skills taught are current and relevant in the real world. Learning model options vary by program, giving you the flexibility to choose an education built around your life, all while building a relationship with the people in your program and providing a balance of team-based conversation and study.

On-Campus Learning

Attending daily classes with your cohort while studying full-time in Victoria helps focus your learning, allows you to fully engage in the course content and connects you with local cultural organizations and communities for experiential learning.

Enhancing team-building and team-based learning, being on-campus also grants you daily access to faculty, administration staff and campus resources to deepen your education.

Online Learning

Designed to be engaging and challenging with just the right amount of guidance, our online programs give working professionals the flexibility to maintain their lives, manage their families and advance their careers.

Interactive and collaborative tools are used to foster teamwork and communication with faculty whether students are situated across the country or around the world. Regular interactions with your cohort and instructors provides the support and resources you need to be successful.

Blended Learning

Our blended learning model mixes conventional classroom instruction with tutorials, workshops, web-based learning and other technologies.

You will complete most of your courses online and reinforce them with your cohort in face-to-face intensive, on-campus small group residencies. The initial residency includes team-building exercises and guidance to the online learning program component to ensure that distance never has to mean isolation.

PROGRAMS AT A GLANCE

UNDERGRADUATE PROGRAMS

Pathways to Royal Roads

The undergraduate programs at Royal Roads are degree-completion programs comprising the final two years of a four-year degree. Undergraduate students typically complete the first two years of their degree or diploma at another recognized college or university then transfer to Royal Roads to complete the final two years. In some programs, our accelerated model allows students to complete years 3 & 4 in as little as 12 months.

Estimated 2024/25 tuition range

Domestic: \$16,208 to \$21,530

International: \$47,726

Tuition subject to annual increase. Please refer to our website for the most accurate tuition costs.

How to Apply

Choosing your university is a big decision. And we're here to help. Here's an overview of the process.

1. Choose Your Program

- › Review the descriptions and select your program
- › If the program offers different delivery options, consider which one is best for you
- › **Need help deciding?** Connect with an enrolment advisor for program details, application deadlines, upcoming webinars and events, information on flexible admissions, and other general questions.

2. Check the Requirements

- › Review the program admission requirements to see if you qualify and what documents you'll need to provide.
- › Consider whether you will need to upgrade your language, writing or accounting skills to meet program requirements.

3. Apply

- › Complete our online application and pay the nonrefundable application fee and any other applicable evaluation fees.

4. Submit Supporting Documents

- › Upload your application documents through Go.RRU, our document upload portal.
- › Supporting documents may include:
 - a. Enter your referee contact details and we will contact them directly for a letter of reference.
 - b. All post-secondary (higher education) academic transcripts
 - c. Statement of Intent or Personal Statement
 - d. 1-3 letters of reference
 - e. Detailed resume (Curriculum Vitae)
 - f. International credential evaluation report
 - g. English language proficiency test-score report
 - h. Writing sample
 - i. Program/research proposal
 - j. Permanent Resident (PR) card
 - k. Passport

5. Application Decision

If your application is approved, you will receive a Letter of Offer with details regarding how to:

- › Accept your Letter of Offer
- › Pay your tuition deposit to reserve your seat in the program.
- › Meet any conditions outlined in the letter
- › That's it! Mark your first day of classes on the calendar. Your life-changing journey just became real

We're here to help

Our enrolment advisors are available by phone or email to answer your questions and provide you with the information you need, including:

- In-depth program details
- Admission requirements and the application process
- Campus and student services
- Tuition and financial aid
- Connecting with faculty and alumni
