1.0 Purpose

The purpose of the President’s Steering Committee (PSC) is to support the advancement of equity, diversity, and inclusion (EDI) initiatives at RRU. Advisory to the President, the PSC will involve members of RRU’s faculty, staff, and executive in the accountability structure for supporting the elimination of systemic barriers that impede the career advancement, recruitment, and retention of underrepresented groups at RRU, within and beyond the research enterprise.

The PSC will guide the work of staff members working to combat systemic racism and advance EDI at Royal Roads University; discuss and understand the findings of the data gathered; help to develop and execute an EDI plan and recommendations specific to RRU; and support the development and implementation of an anti-racism and decolonization action plan. With representation at staff, faculty, and executive levels, the PSC will ensure that there are champions of new training, policies, and procedures related to EDI at RRU at all levels.

The work overseen by the PSC will also be used to revise and expand the existing EDI Action Plan for the Canada Research Chairs Program (CRCP) and focus on developing and supporting institutional understanding and expertise of EDI.

Appendix A: Ways of Being

Charter of values and behaviours for the President’s Steering Committee on Equity, Diversity and Inclusion.

Members of the President’s Steering Committee for Equity, Diversity and Inclusion at Royal Roads University are committed to creating and supporting an inclusive, non-hierarchical environment in which members are supported in the expression of ideas, opinions, challenges, and respectful disagreement. When we come together, we will be present1 in service of the work that needs to be done. We agree that what is shared in the room (personal or sensitive information) stays in the room; but that the work we do will be shared with our networks in order to champion equity, diversity and inclusion across the RRU campus.

Each member of the PSC EDI commits to the values and associated behaviours below.

1. **Respect.** All members will endeavour to:
   - Recognize and acknowledge traditional lands in each meeting and event related to the committee and its work.
   - Value the different backgrounds, knowledge, strengths and skills of all committee members.
   - Seek to recognize their own biases and challenge their own assumptions at the table.
   - Speak and behave in ways that are polite, constructive, positive and professional.
   - Prepare for meetings in ways that allow the committee to make the most of the time at the table.

2. **Collaboration.** All members will endeavour to:
   - Support a ‘permission to fail’ environment that allows for open expression of ideas and innovation.
   - Communicate their needs and challenges clearly.
   - Keep an open mind and embrace potential changes/opportunities.
   - Work together on sub-committee groups to achieve the goals of the PSC EDI.
   - Try to understand other perspectives through genuine curiosity.
   - Leave ego at the door – the committee exists to contribute to the greater good of RRU and the communities we serve.

3. **Transparency.** All members will endeavour to:
   - Speak and behave honestly, with kindness and integrity.
   - Share learning and opportunities beyond the committee to their own networks but keep personal or identifiable information confidential.
   - Share what has worked and what has not worked in achieving our goals.

---

1 To be present is to leave the demands of deadlines, e-mail, etc. at the door and to give one’s attention to the people in the room.
