

Royal Roads
UNIVERSITY

2008 Publications & Research Grants

For the period of January 1 to December 31, 2008

LIFE.CHANGING

Introduction

Solution-oriented and real-world focused, Royal Roads University develops and supports applied research which combines the best of scholarship and practice, supports organizations and communities, and responds to new and emerging challenges in the workplace. We are guided by our strategic research themes of learning and innovation, thriving organizations, and sustainable communities, livelihoods and the environment.

Researchers at Royal Roads seek to address and respond to critical issues of our time. Engagement with stakeholders and communities is a defining feature. Social and environmental justice as well as responsiveness, guide the university's research, and its relevance is evident in the mobilization and transfer of knowledge beyond academia and into the public sphere.

This distinctive university profile allows our faculty to truly demonstrate learning and applied research. We are pleased to showcase our faculty in this inaugural edition of the Staff Publications and Research Grants booklet.

Office of Research Services

Mary Bernard, AVP Research

Deborah Zornes, Director

Isabel Cordua-von Specht, Research Development Coordinator

Vanessa Rogers, Research Development Coordinator

Jenny Sigalet, Research Development Coordinator

Evelyn Goedhart, Research Grants/Contracts Coordinator

Gwen Hill, Administrative Assistant
